Local Man Hurt As Car Crashes On Tahoe Road

Other Wrecks in the Area But Occupants Escape

One man was seriously injured in one of three separate atuomobile collisions near here during the weekend.

Bradley J. Board, 32, a resident of Squaw Valley, was critically hurt Saturday afternoon when the station wagon he was driving went out of control eight miles south of the Truckee-Tahoe wye and crashed into a bridge railing. Board, alone in the car at the time, had head and chest injuries, a compound fracture of one knee and one ear was literally torn off.

The driver was cited by State Patrolman Martin Sturcke for speeding and not having his car under control.

On the same day Officer Thomas Sheehan investigated an accident four miles east of Carnelian Bay, wherein Franklin Shadrack of Reno escaped injury.

Sheehan gave Shadrack a ticket for speeding beyond the basic speed limit and for being on the wrong side of the road.

Sunday evening, Officers Roy Stallard and Sturcke investigated a headon accident in Truckee, citing Jake Thiessen of Hillsboro, Kansas, for making a left turn when not safe, after the car driven by John E. Farnham of North Sacramento was hit by the one driven by Thiessen. No injuries were reported.

DONNER COUPLE SECURE AWARD IN COURT ACTION

After deliberating three hours, a superior court jury at Nevada City Tuesday awarded $10,000 damages to Mr. and Mrs. Raymond McCarty of Soda Springs from Henry Wittich of Colfax.

The McCartys had sought $121,887 as the result of an automobile collision near Donner bridge on May 7, 1951.

The jury awarded $8,000 to Mrs. McCarty and $2,000 to her husband for injuries suffered in the mishap.

A number of Truckee and Soda Springs residents were among the witnesses summoned to give evidence in the case. John L. Larue of Nevada City and Samuel L. Wright of San Francisco represented the plaintiffs and Lynne Kelly of Grass Valley and Edward C. Moran of San Francisco were attorneys for Wittich.

CAR CRASHES NEAR SUMMIT RESULT IN PLACER LEGAL SUIT

Two suits are on file with the Placer County clerk, arising out of automobile accidents in the Donner Summit area of U. S. Highway 40.

Three persons ask a total of $40,000 for injuries allegedly suffered in an automboile accident near Rainbow last December. Nick G. Carr, defendant, is charged with responsibility for the two-car accident by plaintiffs, Robert Pixius, who asks $10,000; Charlotte Pixius, who asks $10,000, and Albertine Moreau, who is seeking $20,000.

Thelma Golden has filed a $50,000 damage action against the Nutland Lumber Company and Layton Eby, an employee, for injuries she says she sustained in an automobile accident last March near Donner Summit. The complaint says her face was scarred as a result of the accident.

DIRECTS APPEAL IN UTILITY SUIT

AUBURN— Superior Judge Lowell L. Sparks of Placer County directed the appeal for a new trial submitted after oral arguments in the action of Frank W. J. James against directors and officials of the North Tahoe Public Utility District, as individuals, and P. and J. Artukovich, contractors.

A jury in the superior court had awarded the plaintiff more than $9,000 for asserted damages to his property during construction work carried on by the district.

RETURNED HOME

Miss Dorothy Moore, 12 year old daughter of Mrs. Richard Wandslebe, reported missing from her home last week, was located in San Francisco and has returned home. She had been visiting friends in that city.

Visiting Friends—

Mrs. Keith Weeden and four children are spending the week with her parents, Mr. and Mrs. A. B. Polyanich, having accompanied her mother home after the latter visited the Weedens in Oakland. Weeden will arrive Saturday to accompany his family home.

Work Progresses On Improvement Of Local Schools

Two bids for improvements at the schools in the Tahoe-Truckee Unified School District will be opened at a meeting of the governing board at 8 o'clock p.m. on August 11. A third will be opened on August 5.

One notice to bidders calls for furnishing and installing insulation for the four elementary school houses in the district at Truckee, Tahoe City, Kings Beach and Donner Summit.

The second asks for bids for resurfacing the utility court at the Tahoe Lake elementary school and the third, to be opened August 5, calls for paving and fencing at the high school campus west of the Truckee-Tahoe wye on US 40.

Wage scales applicable to the work to be performed may be found on other pages of the Sierra Sun today. Plans and specifications for the jobs are available at the office of the district superintendent, E. V. O'Rourke, at the unified high school near Truckee.

A major project being considered by the board would involve the construction of an addition to the Truckee elementary school to house the ever-increasing number of children. The old high school was used for this purpose last year but because of its location and the expense involved in maintaining it as a separate unit has led the board to study plans for the erection of an addition to the Church Street structure.

In the meantime work is progressing on building adequate roads from the highway to the high school plant west of here.

Landscaping is also going forward at the latter plant.

LEITCH HONORED AT MEETING OF LOCAL LIONS CLUB

Art Leitch, for years manager of the Pacific Telephone Company here, was tendered a farewell by other members of the Truckee Lions Club at their meeting last night. Leitch is a charter member of the club and served as its first president. For many years he has been secretary of the pre-meet. Succeeding him in the latter capacity will be William Englehart Sr.

Leitch is leaving here around August 1 to assume management of the telephone company's office in Placerville.

Featured on the entertainment program were a number of songs by Dorene Quam, Toni Street and Audrey Goodpasture, accompanied by Bill Porter.

Visitors at the meeting were Al George, Oakland; Matt Green and Barney White, Sacramento; Van Garivoo and Bob Bond, Reno; Howard Newsham, Truckee. Angelo Besio presided.

WYETHIA WOMEN TO HEAR SPEAKER ON AUGUST 1ST

Mrs. Lucien Willard of Chico, state chairman of literature for the Federated Women's Clubs, will speak before the Wyethia Club members on Friday evening, August 1. Her subject will be "Among the Books."

Mrs. David Rose will preside at the meeting.

Forty members and guests attended the annual silver tea given on Friday afternoon at the E. L. Loynd residence. Mesdames Robert Bick and Robert Gifford were co-chairmen of the event.

Placer Whit Shrine To Visit Lake Tahoe

Members of Placer Shrine No. 67, Order of White Shrine of Jerusalem, will trek to Kings Beach, Lake Tahoe, Sunday, July 27, for a family style picnic. Jack Klingensmith, Auburn, and Norma O. Barnard, Roseville, are co-chairmen for the outing.

Birthday Time—

Janice Gray, daughter of Mrs. Ralph Bretthauer, celebrated her birthdate on July 18.

Another Happy Day—

T. T. Buell observed his natal date on July 21.

Today's the Day—

Mrs. R. N. Little is enjoying her birthdate today.

Last Game For Season Slated Here On Sunday

League Leaders Due Here To Face Truckee Team

Truckee's Mountaineers lost Sunday afternoon at Pioneer Park, Nevada City, to the home town Athletics 5 to 1 in a battle that left them undisputed cellar dwellers of the Placer-Nevada Baseball League.

Next Sunday, the Truckee team meets the Lincoln Potters, the league leaders in a game on the Truckee diamond, starting at 2:15 o'clock.

Last Sunday, neither team was impressive at the plate but the game featured some good defensive plays. The A's infield came up with a bang-up double play while George Riolo, Truckee shortstop, turned in the fielding gem of the day when he dived and speared Pee Wee Painter's sharp drive.

Truckee's first batter of the game scored and the Athletics' first two tallied and that was enough to decide the contest. The hometowners added three later in the game for an unnecessary cushion.

Truckee's Billy Campbell singled and reached second on an error. Bert Munson doubled into the centerfield boulders to score the lead-off man. After that the Mountaineers never got a man beyond second base.

Munson hit Leo Clark, first man up for Nevada City. Gene Warren bunted and both runners were safe as Munson tried for the force on Clark at second. Painter walked to load the sacks. Elmer Daley flied to center to tie the score and Warren scored on Babe Childers' infield out.

The Athletics added one in the fifth and two in the sixth.

Both pitchers had good days. Munson of Truckee fanned eight and surrendered only five hits. Jim Trathen allowed four hits and fanned eleven.

The score:	R	H	E
Truckee	1	4	1
Nevada City	5	5	2

Batteries: Munson and Owens; J. Trathen and Fouyer.

* * * *

Truckee dropped a 4-2 decision to Threlkel's Cubs last Friday night in a semi-pro baseball game at Threlkel's Park in Reno.

The winners picked up all their runs in the first two innings and after that play settled down to a tightly-contested game.

Truckee's runs came in the seventh on errors and walks and a hit. With no hits on their score sheet, the Goicoa brothers—Louis and Mike—are credited with the Truckee runs. Mike was followed at the plate by pitcher Stan Pomin who hit twice in three trips. Bud Owens was credited with the only other Truckee hit.

The score:	R	H
Threlkel Cubs	4	8
Truckee	2	3

Batteries Vietti, Hunter and Pullman; Pomin and Owens.

$16,000 ALLOCATED FOR DONNER GRADE

SACRAMENTO —(C. N. S.)— The state highway commission has allocated $16,000 for surfacing portions of US 40 between Donner Summit and Donner Lake.

Robert Hacketts Are "At Home" in Truckee

Friends here have welcomed home Mr. and Mrs. Robert N. Hackett, who were married in a quiet ceremony on July 7 at Reno. Following their wedding trip, they are at home on East Main Street in Truckee.

The bride is the former Amilee Landers, daughter of Mr. and Mrs. Connie K. Landers of Afton, Tenn. Hackett, the son of Dr. L. W. Hackett of Berkeley, is employed here at Osburn's Buick Garage.

Sadocchi Here—

Vernon Sadocchi, who left here this spring for southern California, was visiting friends here this week.

In San Francisco—

Reggie Smart is vacationing in San Francisco with relatives this week.

Sun Beams

by Walter M. Barrett

As the warm, dry weather continues to predominate, the dangers from forest fires mounts and an increasing vigilance is demanded of those entering the forests for any purpose. The black, stump-scarred terrain between Boca and Verdi, the result of a carelessly tossed match a few short years ago, should serve as a reminder of the eminent danger that exists. Motorists particularly are inclined to carelessness and too often they unthinkingly toss a still-burning match or a lighted cigarette out the window of their car as they speed along the highway. A vagrant puff of wind or the current created by a passing vehicle may send the embers into a dry patch of grass and from then on it is a 50-50 chance that an uncontrollable fire will be on its way. Let us all be doubly careful this summer and see if we can't go through the season without a major fire. Observe the warning of Smokey the Bear and keep our forests green.

* * * *

Too often we find that when a person obtains a minor public position, he gains the idea that he has been placed on a level which gives him the authority to use his office as a throne. It is true, this type of public official seldom gets higher than the first step, but it is equally true that from that first step he tries to dominate his kingdom. If every elected or appointed official or employee would just bear in mind the fact that he is a servant and not a master, a much more satisfactory condition would exist.

POND NAMED TO SUCCEED BARRETT ON COUNTY POST

NEVADA CITY— Floyd C. Pond of Indian Flat became Nevada County probation officer this week. He succeeds Thomas J. Barrett, who resigned to accept a similar position in Plumas County.

Pond's appointment was made Monday by Superior Judge James Snell, following concurrence by the county probation committee.

Pond was a substitute policeman in Nevada City. He served as a Nevada County deputy sheriff under Richard W. Hoskins and also as an extra deputy on the staff of Wayne Brown, incumbent sheriff.

PLANS COMPLETED FOR BAZAAR AND FEAST AT TAHOE

Preparations are going forward for the annual bazaar and barbecue sponsored by the Catholic Parish of Truckee, Kings Beach and Tahoe City. The affair this year will be held at The Pines at Kings Beach starting at 2 p.m. Saturday, August 15.

Father Ronan Brennan, who is heading the committees in charge of the program, said plans are being made for the reception of a huge throng.

The program will include a barbecued beef dinner, various booths for entertainment and sales of fancy work and cooked foods and the presentation of an attractive residential lot in the Kings Beach area. The $1 admission fee entitles the patron to share in the various events scheduled and there will be fun, entertainment and feasting for everyone, young and old, Father Brennan said.

Deceased Brockway Man Leaves Large Estate

AUBURN— Fred Snow, Brockway, left an estate of $116,213.13 when he died early this year at Pasadena, according to the report filed by H. L. Klegg, tax appraiser. Snow named his widow, Rose, and daughter, Mrs. Audrey Russ of Santa Rosa, as heirs of the estate.

Back from Trip—

Mr. and Mrs. E. V. O'Rourke have returned after a trip to Denver and New Mexico. While in the former city, O'Rourke interviewed a candidate for the librarian's position at the local high school to replace Mrs. David Rogers, who has resigned.

Forest Fire At Fleisch Under Control Today

Small Fire Near Eder Is Controlled By Crews

All available fire fighters were recruited last night to battle a forest fire burning out of control three miles west of Verdi in the Truckee River canyon.

The blaze started at 4:30 yesterday afternoon near the Fleisch substation of the Sierra Pacific Power Company. At latest reports the flames were under control.

A bulldozer was trapped by the flames and destroyed and some damage was done to the Sierra Pacific flume near where the fire originated.

Smoke from the fire was carried into Reno and it was from that city most firemen were recruited, with soldiers from the Stead Air Base being among the first on the scene. Two men from the Truckee suppression crew were dispatched to the scene to give assistance.

Eder Fire

Fire suppression crews from the Truckee ranger station, Tahoe National Forest, were called out this week to check a small fire between Eder and Andover near the SP right of way. The fire, six miles southwest of Truckee, burned over about an eighth of an acre. It was believed caused by the recent lightning storms and was the sixth fire reported in the district during the current fire season.

PEREZ CHARGED IN INDICTMENT WITH WOMAN'S MURDER

COLFAX— A coroner's jury, inquiring into the death of Mrs. Virginia Culver, 36, returned a verdict that she came to her death "by strangulation at the hands of one Harlo Edward Perez."

Coroner Francis E. West conducted the inquest. Those whose statements were taken included Herschel E. Culver, husband of the slain woman; Dr. F. Lynn Smith, who performed an autopsy, and Deputy William Bunk, who arrested Perez.

Later, District Attorney Al B. Broyer and his deputy, Lee Propp, presented the evidence in the case to the county grand jury, which returned an indictment charging Perez with murder.

The Oakland salesman was held in the Placer County jail on a murder warrant signed by Culver in the judicial district court at Alta.

Mrs. Culver was found dead on July 12 near Cisco Grove.

BORNEMAN NAMED TO HEAD LEGION DURING ELECTION

On Tuesday, August 5, Game Warden Tom Borneman will be installed as commander of Truckee Post 439, American Legion, to replace John Rau. Other officers-designate are Robert Edwards, adjutant; E. A. Parker, service officer and historian; John Street, finance officer; John Waggoner, chaplain; Al Wakefield, first vice commander; Edward Frates, second vice commander; Frank Giovannoni, sergeant at arms; John Rau, custodian.

The Legion is going ahead with plans for a turkey shoot during the two days immediately before the opening of the 1952 deer hunting season in this district.

Reggie Smart Honored At Party on Birthday

Reggie Smart, son of Mr. and Mrs. Reg Smart, observed his ninth birthdate on Friday last with a picnic and weiner roast at Donner Lake. Swimming was enjoyed before the lunch served by the honoree's mother. Those attending were Billy Nottley, Phil Rausch, Sheila and Nora May of San Francisco and Karen and Brian Smart.

HAPPY BIRTHDAY

It is "Happy Birthday" today for Terry Walker, who is eight years old; Dickie Daniels, who is two years old, and Gail Englehart, who is three years old.

Railroad Radio Test Succeeds On Local Line

All Southern Pacific passenger and freight trains soon will be in constant radio communication with stations along the route. By mid-September, the company hopes to have radio transmitters and receivers installed in the cabooses of freight trains, the engines of passenger trains, in all rolling snow removal equipment and in several booster stations in the Sacramento division.

Merle L. Jennings, superintendent of the division, made these announcements after a trip on the Southern Pacific line over the Sierra Nevada, conducting radio tests from his business car, "The Sacramento," attached to the San Francisco Overland train.

"The radio system works wonderfully," Jennings declared, pointing out voice reception was clear from Mile Post 226, 25 miles east of Truckee, to San Francisco.

$75,000 Project

He said the radio equipment will be installed by the Sacramento and Roseville shops as soon as it is available. The installation in the Sacramento division will represent an outlay of about $75,000.

Radio communication in the new $4,500,000 Jennings retarder yard in Roseville, named in honor of the veteran superintendent, already is in operation. The system connects

(Continued on Page 8)

PAINE ELECTED TO HEAD REPUBLICAN GROUP IN COUNTY

Robert Paine of Nevada City was selected chairman of the Republican county central committee at a meeting in the court house Monday. He succeeds Douglas Barrett of Truckee, who headed the group for the past two years.

Paine is well known in Truckee, visiting here weekly in connection with his work.

Barrett, who was extended a vote of commendation for his work, was named as a vice chairman. Other officers named were Michael Skibinski, Grass Valley; and Mrs. Cecile Shoemaker, women's division, vice chairman; E. F. Williams, Grass Valley, secretary and Stan Halls, Nevada City, treasurer.

Plans were discussed for a Republican rally and picnic this fall, with Senator Richard Nixon, vice presidential nominee, as guest of honor at the five-county affair.

DINNER ENJOYED BY LODGE GROUP AT LOCAL CAFE

Thirty-one Rebekahs and one Odd Fellow enjoyed dinner at Sarge's prior to the meeting of Naomi Rebekah Lodge last evening, at which Noble Grand Pearl Heller presided.

District Deputy President Margaret Doolin of Alta was escorted and introduced by her Deputy Marshall Adeline Taylor. Ten other members from Dutch Flat accompanied them to Truckee.

Other visitors included two from Nevada City, two from Vallejo, one from Portola and 18 members from Truckee turned out for the visit. The lodge presented Mrs. Doolin with a lovely corsage and a gift. Following the meeting, cake and coffee were served to all with Alice McGee acting as chairman.

Louvena Rablin and Dorothy Guymer will be on the refreshment committee next meeting. Initiation practice will be held and all officers are urged to attend.

Oriental Art Works Rotary Meet Feature

TAHOE CITY— Eighty-seven Rotarians enjoyed a corned beef luncheon at Homewood Resort on Tuesday. Leo Miller of Carson City spoke on "Arts of China," displaying many beautiful examples of Oriental artistry.

He showed dishes and bowls, opium pipes and lamps, carving and embroidery. Featured in the display was an unusual set of cloaks for the emperor and empress that was at least 150 years old, made of pure silk which never rots, and threads of solid gold which never tarnish.

Denis Sach presided at the noon meeting.

Big Gain Shown In Traffic Over Local Highways

Truckee Ranks as Second Port of Entry Into California

There were 15,000 more cars entered California by way of the Truckee quarantine station during June than for the preceding month.

According to the monthly report from the state department of agriculture, 49,333 cars, 2,857 commercial vehicles and 722 stages, with a total passenger count of 142,761 were checked by the local inspectors during June.

This compares with 42,505 cars, 2,911 trucks and 723 stages with 125,188 passengers checked during June, 1951, and shows the growth of travel over Highway 40.

The Brockway station which is now being operated on Highway 89 just before the latter intersects Highway 40 from the south, added another 2,114 cars to the Highway 40 total during June, bringing the number of westbound cars entering California over Donner Summit to more than 51,000.

The Meyers station on Highway 50 at Lake Tahoe showed a gain of 3,000 cars over last year's figures, with a total of 13,688 for June this year, compared to 10,371 for the same month in 1951. Highway 50 also reported 226 trucks and 38 stages, with a total passenger count of 38,279, compared to Truckee's 142,761.

Truckee was the second station in the state from a standpoint of vehicles entering, exceeded only by Yermo on Highway 66 which had 62,330 cars but fewer trucks than Truckee. The truck count there was 2,266.

SCHOOL OFFICIALS DROP PLAN FOR SUMMIT HOUSE

Because the lowest bid of $13,316, submitted by the Delta Construction Company of Oakland was in excess of the estimate, the governing board of the Tahoe-Truckee Unified School District has decided to abandon the plan for erecting a dwelling on Donner Summit to house the principal of the Donner Trail School.

The four bids ranged upward to $24,820.

The bids were opened by the board July 11 and have been under study.

No provision for this job was made in the current budget as a result of the decision.

SUPERVISORS O.K. $2,000 ASSIST TO SUMMIT UTILITY

The Nevada County board of supervisors this week voted to award the Donner Summit Public Utility District an additional $2,000 from the state's Chapter 47 funds to aid in planning.

Previously a similar fund was granted the district but in the confusion and dissension original plans were abandoned. On Monday Elmo Moriano and Henry Piche of Soda Springs appeared before the board, explained that the district was in harmony and urged that funds be provided to give them another start. They asked for $5,000 and the supervisors agreed upon the lesser amount.

PROPOSED BOOST IN TAX WILL NOT EFFECT COUNTY

SARCAMENTO —(C. N. S.)— Assessment increases ranging as high as 90 per cent have been invoked tentatively by the state board of equalization in six California counties which have failed to bring their assessments for local tax purposes in line with statewide averages.

The counties are Modoc, Humboldt, Stanislaus, Tulare, San Luis Obispo and San Bernardino.

William L. Tamblyn, Nevada County assessor, this week said the increases would not be effective in Nevada County.

The counties in question would be those where the ratio of assessed valuation to true value is below 40 per cent.

Vacationer at Tahoe Passes Away in Reno

Mrs. Ruth Carter Pierce of Arroyo Grande, Calif., died at a Reno hospital yesterday. She was visiting at Lake Tahoe when she became ill and was brought to Reno three days ago for hospitalization.

Mrs. Pierce is survived by her husband, Robert E. Pierce, of Arroyo Grande, and by two daughters and a son. A native of Chicago, she was born April 19, 1887, and was active in civic affairs in her home community.

Nevada County Generous In Aid to Needy Blind

Nevada County's $73.9 average aid paid per needy blind person during May, 1952, is 48 per cent higher than the $49.83 average aid to the needy blind throughout the United States, California Taxpayers' Association says.

Total aid paid to the 28 needy blind persons in the county amounted to $2,071 for May, 1952.

For May, 1951, a year ago, total aid paid to the 25 needy blind people in the county amounted to $1,876, the association found. Average aid paid per needy blind person in the county was $75.04.

NOTICE TO CONTRACTORS

Notice is hereby given that the Governing Board of the Tahoe-Truckee Unified School District, Placer and Nevada Counties, State of California, hereinafter referred to as the "Owner" will receive up to, but not later than 8:00 P.M. on the 11th day of August, 1952, sealed bids for the award of a contract or contracts for furnishing and installing insulation for the Truckee Elementary School, the Donner Trail Elementary School, the Tahoe Lake Elementary School, and the Kings Beach Elementary School, and shall be opened and publicly read aloud at the above stated time and place.

In accordance with the provisions of Section 1770 of the Labor Code, and local laws thereto applicable, the Owner has ascertained the general prevailing rate of wages in the locality in which this work is to be performed, copy of which rates are as follows:

Craft	Hourly Wage Rate	Per Diem Rate	Legal Holidays and Overtime
Bricklayers	$3.25	$26.00	$6.50
Carpenter-Lake Tahoe Area	2.64	21.12	**
Cement Finishers	2.42	19.36	*
Electricians	2.75	22.00	5.50
Glaziers	2.165	17.32	
Iron-Reinforcing	2.45	19.60	4.90
Laborers-General	1.70	13.60	***
Painters & Decorators - 8 hrs. temp.	2.25	18.00	
Plumbers	2.75	22.00	5.50
Roofers	2.50	20.00	****
Sheet Metal Workers	2.50	20.00	5.00

* For the first two hours after the regular work day, overtime shall be paid for at the rate of time and one-half. All additional time worked up to 8:00 A.M. and on Saturday, Sunday or holidays shall be paid for at the rate of double time.

** For the first four hours after the regular work day, overtime shall be paid for at the rate of time and one-half. All additional time worked up to 8:00 A.M. and on Saturday, Sunday or holidays shall be paid for at the rate of double time.

*** First four hours after eight hours of work Monday through Friday and eight hours on Saturday shall be paid for at the rate of time and one-half. All additional overtime worked on any said day by any employee shall be paid for at the rate of double time. Sundays and holidays, double time.

**** Any additional time worked after the first eight hours of the regular work day and Saturday and Sundays shall be paid for at the rate of time and one-half. Holidays shall be paid for at the rate of double time.

OVERTIME: Saturdays, Sundays and holidays - double time unless otherwise shown.

Each bid must conform to the requirements of the Plans and Specifications and all other documents comprising the Contract Documents. The Contract Documents may be examined and copies obtained at the office of the Superintendent of Schools, Truckee, California.

No bid will be considered unless it is made on a form provided by the Superintendent of Schools and accompanied by certified check, cashier's check or bidder's bond for 10% of the amount of the bid, made payable to the Owner. The above mentioned checks or bid bond shall be given as guarantee that the bidder shall execute the contract if it be awarded to him in conformity with the Contract Documents and shall provide the surety bond or bonds required within 5 days after notification of the award of the contract to the bidders.

The successful bidder will be required to furnish a labor and material bond in an amount equal to fifty percent (50%) of the contract price, and a faithful performance bond in an amount equal to one hundred percent (100%) of the contract price. Said bonds shall be secured from a surety company satisfactory to the Owner.

The Owner reserves the right to reject any and all bids, in part or in total, and-or waive any irregularities or informalities in the bidding.

Dated this 23rd day of July, 1952.

V. C. SHATTUCK

Clerk of the Governing Board of the Tahoe-Truckee Unified School District, Counties of Placer & Nevada, California.

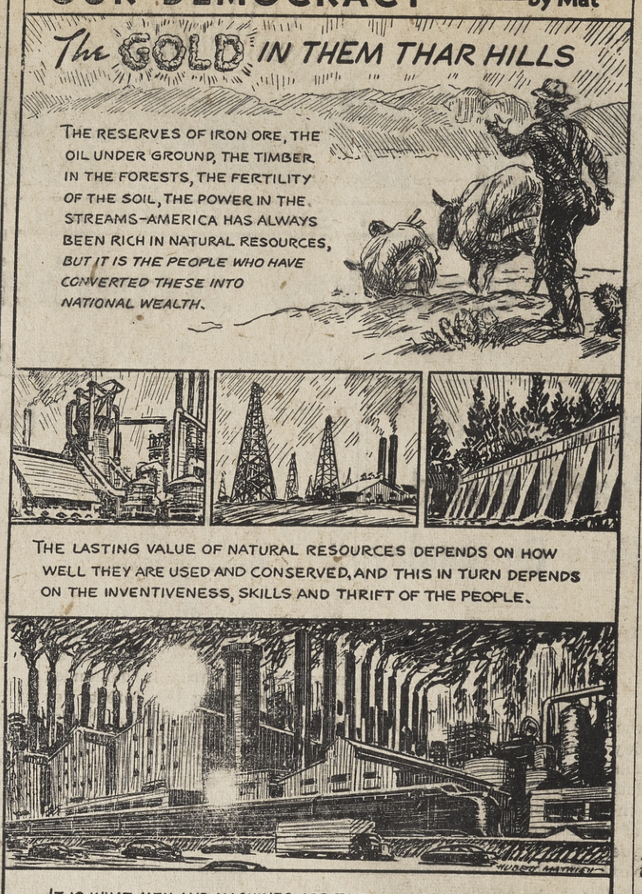
OUR DEMOCRACY——by Mat



The GOLD IN THEM THAR HILLS
THE RESERVES OF IRON ORE, THE OIL UNDER GROUND, THE TIMBER IN THE FORESTS, THE FERTILITY OF THE SOIL, THE POWER IN THE STREAMS—AMERICA HAS ALWAYS BEEN RICH IN NATURAL RESOURCES, BUT IT IS THE PEOPLE WHO HAVE CONVERTED THESE INTO NATIONAL WEALTH.
THE LASTING VALUE OF NATURAL RESOURCES DEPENDS ON HOW WELL THEY ARE USED AND CONSERVED, AND THIS IN TURN DEPENDS ON THE INVENTIVENESS, SKILLS AND THRIFT OF THE PEOPLE.
IT IS WHAT MEN AND MACHINES ADD TO OUR NATURAL RESOURCES THAT MAKES UP THE BIGGEST PORTION OF OUR NATIONAL WEALTH.
THRIFT HAS A PART IN THIS TOO, BECAUSE THE MONEY PEOPLE PUT INTO LIFE INSURANCE AND SAVINGS HELPS PROVIDE THE TOOLS OF PRODUCTION.

STATE MAY PURCHASE VIKINGSHOLM AT LAKE TAHOE FOR RECREATION AREA

SACRAMENTO— Negotiations have been undertaken by the state park commission to acquire for state park purposes a 280 acre property on Emerald Bay at Lake Tahoe. The property, owned by Harvey West of Placerville, is on the west side of the bay and includes an island in the bay and the Lora J. Knight castle-like mansion on the mainland.

After appraisals are completed to determine the value of the property steps will be taken to acquire it on a matching fund basis, with the state to provide 50 per cent. The remainder may be raised by individuals, public subscription or other means.

The acreage, if acquired, probably would become a part of the present D. L. Bliss State Park which it adjoins.

The property is considered to be one of the finest sites on Lake Tahoe. It was purchased many years ago by Mrs. Knight, who brought a Danish architect and artisans to this country to construct Vikingsholm, the impressive mainland home, and a stone teahouse on Dead Man's Island. Both are included in proposed purchases as well as the beach along Emerald Bay.

The property was appraised at $230,000 at the time of Mrs. Knight's death ten years ago.

State Foresters Work to Prepare for Fires

SARAMENTO —(C. N. S.)— State division of forestry officials report that 116 forest fires in California during June burned out 1,845 acres of watershed and pasture land, and 42 acres of timber.

They said favorable weather in June enabled the division to make sizable reduction in fire hazards, by such action as burning off road sides and putting in fire breaks. Men and equipment have been working twenty-four hours a day, preparing for the fire season, they report.

McCLELLAN CLUBHOUSE

About $24,000 was reported spent on a civilian employees' clubhouse at McClellan Air Force Base, near Sacramento, according to Rep. Riley of South Carolina, chairman of a House appropriations sub-committee.

U. S. FOREST SERVICE PROVIDING FOR DEVELOPMENT OF POPE ESTATE

PLACERVILLE— Limited facilities on Pope Beach at Lake Tahoe, acquired by the forest service for public use, will be available on Saturday.

W. W. Spinney, El Dorado National Forest supervisor, said they include dressing rooms, picnic tables, wood burning grills and sanitary quarters. They are intended only for swimmers and picnickers.

Development of the overnight camping area will come later, he said, but the present beach development is all that will be available this year. However, work crews will turn from the beach improvement to road survey for nearby organization camp sites. Crews are at work on the road to the Spring Creek Summer Homes tract with the objective of holding a drawing for summer homes lots in the fall.

Spinney said there will be no charge for the use of picnicking and beach facilities.

El Dorado County, in cooperation with the forest service, is continuing plans for the piping of water to organization camp sites having in mind that some camp locations may be made available in 1953. He said water is available for summer homes tracts and the development of these facilities will rest with associations of summer home owners.

Entrance to the Pope Beach is half a mile east of Camp Richardson on State Route 89.

TAHOE COFFEE SHOP ENTERED, ROBBED EARLY WEDNESDAY

TAHOE CITY— Donaldson's Coffee Shop was robbed Wednesday morning sometime between midnight and 3 a.m. Wednesday of about $100 and several packages of merchandise. Constable Harry Johanson checked on the building around 3 a.m. and found nothing amiss.

Mr. and Mrs. Wesley Donaldson, owners of the coffee shop, had gone to a show and neglected to stop by and pick up their cash on the way home. Whoever did the job knew where the back door key was cached and entered in the dark, found the cash box and left by the back door.

Johanson believes it was the work of someone who was familiar with the premises.

Blonde Porcupine

The spines of porcupines are camouflaged by long wisps of yellow hair that stream over the back and head of the animal.

Fault Found in Tahoe Area On State Geomorphic Map

by HENRY MacARTHUR

SACRAMENTO —(C. N. S.)— While the average layman views an earthquake as a terrifying spectacle, they are to the geologist occurrences which eventually are bound to happen along the known faults of the earth.

These faults have been partially mapped by the state division of mines in a publication known as the "Geomorphic Map of California," which revcals in detail the known faults.

First, the division explains, a fault in the earth is a geological term applied to any rock crack or fissure resulting from a dislocation of the earth's strata.

And according to the geomorphic map, there are scores of known cracks in the rock strata on which the coastal mountains as well as portions of the Sierra Nevada rest.

Primary fault is known as the San Andreas, which starts at Point Arena, in Mendocino County, and extends southeastward from that point along the coast, hits the southwest portion of San Francisco, goes on down through the Santa Cruz Mountains, thence through San Benito, Monterey and San Luis Obispo Counties, where it jogs slightly more to the east to pick up a conjunction with another of the great faults, the Garlock, at Tejon Pass.

From Tejon Pass in the Tehachapis, the San Andreas fault moves southeastward, joining the San Jacinto fault and still southeast to fade out in Imperial County. The Garlock fault extends from Tejon Pass east by north through the Mojave Desert.

Off the Garlock fault, to the north and east, there are nearly a dozen smaller faults, and the slippage which caused the extensive quake in southern California is believed to have been a series of movements of a portion of the two major faults, which in turn set the movement off in the minor group.

The map indicates there are even more known faults south of the juncture of the San Andreas and Garlock faults extending from northern border of Los Angeles County to the Santa Monica Mountains, with the longest the Santa Ynez fault in Santa Barbara and Los Angeles Counties.

One thing about an earthquake, it is pointed out, is the fact there is little or nothing man can accomplish to prevent the vast earth movements which infrequently cause disasters. No accurate predictions can be made on when a quake will occur or where along the fault it will hit hardest.

Likewise, predictions can't be made as to where a quake will hit, for the center is not always a known fault. Shocks have been noted in areas the map indicates is clear of fault and the movement as traced by seismoyraphic observation can extend for hundreds of miles. Yet the primary movement usually is traced to a known fault.

There are, of course, other faults in California aside from the large major cracks. The geomorphic map shows several fault lines on the Modoc plateau, in the extreme northeast of the state, while the northwest coast line in Humboldt and Del Norte show minor faults.

A fairly long fault extends from northern Sierra County well south and on the west shore of Lake Tahoe and there are series of small faults south of Mono Lake. Another lies north of Clear Lake.

Communicable Diseases On the Increase

SACRAMENTO —(C. N. S.)— The state department of public health today reported a general increase in the number of communicable disease cases throughout California for the week ending July 12.

There were 348 cases of chickenpox and 379 of mumps, compared with previous week totals of 310 cording to the report. Whooping chicken por and 331 mumps, accough cases totaled 67, an increase of 17. Polio cases increased to 46, three more than the week before.

Among the more common diseases, measles showed the only decline, from 777 cases the previous week to 715 cases.

Government Print Plants Span the Nation

There are 61 separate government printing and duplicating plants in Washington, 23 in San Francisco, six in Denver, 16 in New York, and many others throughout the country, says Rep. Smith of Wisconsin.

The Ice Follies are now playing a limited engagement in San Francisco.

USERS ARE URGED TO USE CARE IN FOREST AREAS

These are days when the summer sun is drying out our hills and fortests, and bringing out tourists to swarm about, to fish, to hike and to camp. And these are the days, according to the National Automobile Club, when a match thrown carelessly away or an ember left carelessly on the ground can start off a fire that will burn through an entire area to work vast destruction.

And that destruction can be very vast indeed. From the tiny flame of a match or an ember the fire can grow into a roaring monster that will reduce a whole green forest to a blackened desert with some smoking stumps. Great stands of timber that could be used for the building of countless homes go up in smoke and flame. Wild life is driven out or destroyed. Ashes fill the streams and kill the fish. Watersheds are ruined and the soil, with no growing trees to hold it, is swept down to fill up streams and clog the dams. Communications are disrupted and often destroyed.

If you go into our forest areas during the summer and fall months you can do much to help avoid this needless destruction. If you smoke you can use special care when throwing away your matches, your cigarette butts or your pipe heels. Make sure that that match is out before you throw it away. Break it in two. In extra dry areas it might even be well to put it in your pocket rather than throw it on the ground. And if you have to put out that cigarette butt, clean a space right down to the mineral earth, place the butt there, and then grind it out with your heel.

If you build a campfire you will need to be extra careful too. Clear away all inflammable materials from the site. Make sure that trees are well back from the flames. Never for a moment leave that fire unattended to destroy your tent or sweep through a forest. And when you're ready to leave, make sure that the fire is out. Stir water into the embers and sprinkle it all with dirt. When you can run your hand through the whole fire site without feeling any warm glow, then your fire is out. And when you have it out, make doubly sure by burying it all with some mineral earth.

These may seem like little precautions but it takes only a little flame—a very little flame—to destroy completely a great and growing forest.

NORTH TAHOE

by THELMA BURROUGHS

Mrs. Edward L. Peet of Sacramento with friends, Mrs. Frank Weber with her daughter, Barbara, and mother-in-law, Mrs. Weber of Mill Valley were Lake visitors last Monday. Barbara remains in the employ of Ludlow's, the others returning to Sacramento on Tuesday.

The North Tahoe fire truck was ready for delivery on Tuesday of this week. It is North Tahoe's first fire control unit, purchase of which was made possible through cooperation of three of the largest clubs on Crystal Bay hill and wholehearted response of the public to a plea sent out for purchasing power by a committee of three appointed by the North Tahoe Community Club some time ago when it was apparent that we must have this equipment. Max Kreuger of Kings Beach made the trip to the bay area Sunday to pick up the fire truck.

Mrs. P. R. Murray is confined to the Tahoe Forest Hospital under treatment of Dr. Jose Nessim. Her friends all wish her a complete recovery. During her absence from home, Mrs. Anna Blaue is preparing meals for Mr. Murray.

Tom Sutton is confined to his home with a severe case of flu.

The George Fail family of Sacramento are here for the whole month, creating a lot of activity around their Tahoe Vista summer home.

The Blood Bank opened at 9:00 o'clock Tuesday morning at Tahoe City Community Center. Alice Sorensen was the number one donor with her son, Ray, following. Walter Mandeville of Crystal Bay was right in their helping out too. All blood contributed through this source will be available for the Tahoe Forest Hospital District at a rate of $7.50 per pint instead of the usual cost of around $32. We never know when we may be the one needing such aid so let's all contribute when and if we can to this worthy cause. The "Bank" plans to be in Kings Beach next May.

Mr. and Mrs. William Martin of Kings Beach became the parents of a son born in a Reno hospital on Friday, July 11.

Kona coffee is grown on the westetrly side of the island of Hawaii.

Work Begun at Grizzly Creek by Fish, Game

PORTOLA— Preliminary construction work on the Grizzly Creek dam, five miles north of Portola, will be started this month with funds provided by the California Wildlife Conservation Board at its last meeting.

The completed project will create "a sizeable and readily accessible trout fishing lake in a part of the state needing this type of fishing," it was stated by Everett E. Horn, board project coordinator.

The new dam will also maintain the year-round stream flow of Grizzly Creek.

While $5,000 of the board's parimutuel proceeds was allocated for preliminary work, the final cost of the project is unknown. The 3904th Air Force Command at Reno will provide personnel and equipment without change for a major part of the work as part of their training program.

New State Garage Envy of Many Private Owners

By HENRY C. MacARTHUR

SACRAMENTO —(C. N. S.)— Probably many a private garage owner struggling to make a living and keep up with his taxes will drip with nevy should he have the opportunity to see the car palace the taxpayers have provided for the state of California, to the tune of $1,700,000 capital outlay and not counting upkeep.

The new garage more than a year in the building, was opened recently to state cars and the service to be provided the state employees who use it is being touted as "the best in the west."

The structure covers an entire half block and can house about 700 automobiles, which state officials say probably is space enough at the present time for the state cars which are in and out of Sacramento every day. It is a four-story building, with parkg space fo the roof.

The garage is so designed that state employees desiring to travel in a hurry won't be kept waiting. Attendants, officials said, can get a car to the front door within three minutes after it is called for, from any part of the building.

An inter-communicating system consists of two fifty-watte amplifiers, a control console, 11 substations, 30 call-in locations and 48 speakers, all of which are controlled by a dispatcher in the central office of the huge building.

Aside from storage, the garage will be equipped to provide complete preventative maintenance to the state automotive fleet and day-to-day service station attention.

The incoming reservoir on the first floor is large enough to accommodate normal traffic. Gas dispensing pumps and overhead reels containing air, water and oil are adjacent to the north wall, to provide service from the alley or within the building.

Four wash racks are on the ground floor and one on each of the other floors. Six lubrication stalls, complete with twin post hoists and overhead pressure lubrication reels, will service adequately, says a description of the building, all state automobiles in the Sacramento area.

The shop area of the garage will provide maintenance and repair of common minor automobile troubles. The garage has installed a dynamometer, which is described as a testing tool which duplicates nearly alll road driving conditions, thereby allowing mehanics to road test without leaving the garage.

There is an electrically operated tire changer, engine diagnosis testers, fleet-meter gasoline dispensers, a mechanical ffoor sweeper and three 10,000 gallon underground fuel storage tanks.

Every vehicle which enters the garage will be serviced if it has a tank less than three-quarters full of gas, and 10,000 mile checks will be scheduled automatically.

To accomplish the super-service, the state will pay a garage manager, sixteen attendants, a dispatcher, clerk, three mechanics and three helpers on the regular staff.

The state, however, claims it has saved money in constructing the garage by leaving concrete walls unfinished and unpainted on the interior, reducing heighth of the floors and uitlizing the roof for storage. Also, the garage has no windows, overhangs protecting the structure from rain expect when a horizontal wind happens to be blowing.

Improve Tahoe Highway, Widen 40 Chamber Urges

The Sacramento Valley Council of the California State Chamber of Commerce has made a number of recommendations to the state highway division for improvements on highways in this, among 365 such suggestions throughout the state.

At Lake Tahoe, the report recommends realignment of Sign Rte. 89, for an "all-year highway" on the west side of Lake Tahoe between Rubicon Point and Tallac, plus realignment and reconstruction of the bridge at Emerald Bay.

On Highway 89 north of Truckee, the chamber group recommends grading and surfacing from Sierraville south to the Little Truckee Summit, six miles north of the Nevada County line to Randolph.

As to Highway 40 between Sacramento and the Nevada state line, they recommend multilaning from Sacramento to the Placer County line, and four-lane divided highways from Sacramento County line to Roseville, Newcastle to Auburn and from Applegate to Colfax.

Recommendations covering Nevada County are Sign Rte. 20, three miles east of Yuba County line to Grass Valley, grade and surface; Sign Rtes. 20 and 49, between Nevada City and Grass Valley, right of way as required, realignment and reconstruction; Sign Rte. 49, from new Rte. 15 to NW of Nevada City, grade and surface; Sign Rte. 49, from San Juan to south fork of Yuba River, grade and surface realignment; Sign Rte. 49, Placer-Nevada County line to 1½ miles south of Rattlesnake Creek, realignment and brideg.

The first train to run from Fort Bragg to Willits and return made the trip Dec. 19, 1911.

STATE PRESIDENT OF WOMEN'S CLUBS TO SPEAK

TAHOE CITY— Sixteen members of the Women's Club of Tahoe enjoyed luncheon last Thursday at Bacchi's Inn, Lake Forest. Following the delicious repast, an afternoon of canasta found winners Mrs. Gerda Kvistberg and Mrs. P. Friday.

Mrs. Jeannette Mitchell, program chairman of the club, announces that plans are being completed for the Tri-County summer conference which will be held this year at Homewood Hotel on August 15. The morning session will start at 10 a.m. and principal speaker will be Mrs. Amer C. Stolp, state president of Federated Women's Clubs.

Judicial Guest—

Guests for two weeks at Schlueter's Cabins in Tahoe Park are Superior Court Judge and Mrs. Thomas Ledwich of Oakland.

On Vacation—

Guests at the home of the Imon Mitchells of Sunnyside last week included Mr. and Mrs. Robert E. Lewis and son Jimmie of Black Point, Marin County, and Ernest Simon, en route to Reno on vacation.

YOUNG PEOPLE ARE UNITED IN SUNDAY RITE

TAHOE CITY— One of the loviest weddings of the current season to be held here was that Sunday of Nancy Elizabeth Carlton, 21, daughter of the Howard Raymond Carltons of San Francisco, and Philip Marston Haddock, 24, son of the George M. Haddocks of Auburn.

Bishop Noel Porter of the Episcopal Outdoor Cathedral near Tahoe Tavern officiated before a large group of relatives and friends at 4:00 o'clock. The altar, organ and steps of the chapel were decorated with large bowls of white gladiolus. Rev. Carl Tamblyn, San Francisco organist vacationing here, supplied music for a 15 minute recital before the ceremony.

The bride, gowned in traditional white with tiny white cap and veil, and carrying a white bouquet, was given in marriage by her grandfather, James M. Marshall of Baltimore, Md. Bridesmaid was Miss Mary Thomas of Auburn and maid of honor was Janet Ellen Livingstone of San Francisco. Raymond M. Haddock of Stockton, brother of the groom, was best man.

A reception followed at the St. Nicohlas Hall where wedding cake and punch were served the guests. A barbecue at Squaw Valley followed.

TB X-Ray Unit Hours Set for Tahoe City

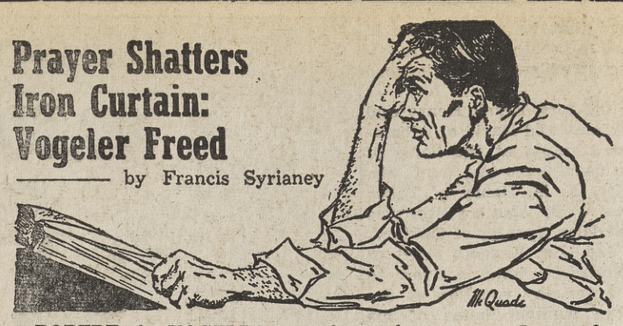
TAHOE CITY— Mrs. Marie F. Henry of Tahoe City is reminding local residents this week of the coming of the Placer County Tuberculosis and Health Association mobile chest x-ray unit which will visit Tahoe City August 20 and Kings Beach August 21. The unit will be stationed at Tahoe City post office and hours will be 10 a.m. to noon, 3 to 6 p.m. and 8 to 9 p.m. There is no charge for the service.

Members of the Women's Club of Tahoe will assist in registering applicants and the Tahoe Boy Scouts are tacking up the posters around the Lake Tahoe area of Placer County.

ADVERTISE

Prayer Shatters Iron Curtain: Vogeler Freed

by Francis Syrianey †



ROBERT A. VOGELER returned from among the living dead of a prison behind the Iron Curtain. He is free, says Mrs. Vogeler, because God did the impossible.

Vogeler is the only American subjected to a full-scale communist trial who has ever returned to talk about it.

The real price for Vogeler's freedom was the constant, unceasing prayer and sacrifice of his pretty wife, Lucile, and their two sons, Bobby, 11, and Bill, 9. It was his own prayer and faith in the very face of an impossibility.

"THE SHAME IS," says the handsome Vogeler, "that it takes something like what happened to me to make us appreciate how much faith means."

Vogeler would like to forget the memories of his trial and months in prison, but both he and his wife talk freely, even anxiously of the part that prayer and religion played in sustaining them.

"After repeated requests," he says earnestly, "I was given a Bible. They didn't do with it like they did with other books. They would take them from me after I had started them. Or they'd give me one with whole sections missing.

"I READ THAT BIBLE daily, for an hour or so. I read that Bible regularly and carefully. It's surprising how much consolation you can find in it. I always knew that God would not let this be the end for me."

On the other side of the Iron Curtain, in Vienna, Lucile Vogeler was bending heaven and earth—heaven with her constant petitions, and the powers of earth with unending insistence—that something be done to secure her husband's release.

THE FAMILY began an intense program of prayer. The importance of perseverance was emphasized. The two lads and their mother continued to storm heaven.

BOB VOGELER is no longer the broken man he was when he was suddenly roused in his cell and taken without explanation to the Austrian frontier, and freedom. One doesn't recover easily from such an ordeal.

He still stands by the statement he made in Europe before being flown home to freedom, "God has given us the mission to destroy the communist enemies of freedom. Every American should realize that what happened to me could happen to anybody."

† Paulist Information Service, Washington, D. C.

Tahoe's Weather

TAHOE CITY— The level of Lake Tahoe Monday was 6228.66 feet, according to Observer A. E. Frodenberg. Daily high and low thermometer readings for the week were July 14th: 74, 44; 15th: 75, 43; 16th: 81, 46; 17th: 78, 47; 18th: 80, 51; 19th: 78, 40; 20th: 79, 45; 21st: low 40.

U. S. FOREST USERS ARE ORGANIZED FOR MUTUAL HELP

SAN FRANCISCO— San Francisco's growing importance as a lumber center was further highlighted this week with announcement of the organization of Western Lumber Manufacturers, which will make its headquarters here.

The new association, it was announced, was formed to bring together lumber companies whose common problem is dependence on government-owned timber reserves for a large part of their timber supplies.

P. A. "Pat" Thomspson, former U. S. regional forester here until his retirement last year, is secretary-manager of the new group. Robert Grimmett of Fresno is president.

Announced purpose of the association is improvement of public and governmental relations and the lumbering industry, dissemination of information to members on matters pertaining to the industry and advancement of the business interests of all members of the association.

"Privately owned supplies of mature saw timber are no longer available in California in quantity to meet the needs of many companies which have operated for years on both public and private timber," Thompson said, announcing formation of the new group.

"As a consequence, many of these operators are increasingly dependent, in whole or substantial part, on opportunities to buy available and mature public owned or controlled timber in the national forests, Indian reservations, the public lands or in state lands.

"Better forestry in the woods, greater long range social and economic benefits to dependent communities, a more stable industry and more practical and profitable lumbering operations can only be attained by joint effort and the Western Lumber Manufacturers Inc. has been created for this purpose."

From where I sit ... by Joe Marsh

Me—Advising a Banker!

The Missus and I were invited to dinner over at Balesville the other night. I sat next to a banker from the state capital.

"Mighty nice country you've got down there," he says. "Don't be surprised if I come to live there myself. In a few years I plan to get away from everybody, buy a farm and just take it easy."

"Well," I told him, "we'd like to have you. But when someone plans to buy a farm and 'take it easy' he often winds up working harder than ever. It takes *work* to run a farm right no matter how many hands you can afford to hire.

"And from where I sit," I continued, "you won't 'get away' from people either. Neighbors are plenty important in a farming community—whether it's helping one another out or just friendly visiting over a sociable glass of beer." "Hard work and neighbors dropping in all the time?" he asks, looking at me over his glasses. Then he smiles and says, "Sounds wonderful. You've just sold me on a farm."

NOTICE TO CONTRACTORS

Notice is hereby given that the Tahoe-Truckee Unified School District, Counties of Placer and Nevada, State of California, hereinafter referred to as the "Owner" will receive up to, but not later than 8:00 P.M. on the 5th day of August, 1952, sealed bids for the award of a Contract or Contracts for paving and fencing to be installed on the grounds of the Tahoe-Truckee High School located on U.S. Highway No. 40, Nevada County, California. Such bids shall be received at the office of the Superintendent, Tahoe-Truckee High School, U.S. Highway No. 40, near Truckee, California, and shall be opened and publicly read aloud at the above stated time and place.

In accordance with the provisions of Articles 1 and 2 of Chapter 1, Part 7, Division II of the Labor Code, and Local Laws thereto applicable, the Owner has ascertained the general prevailing rate of wages in the locality in which this work is to be performed, copy of which rates are as follows:

Craft	Hourly Wage Rate	Per Diem Rate	Legal Holidays and Overtime
Carpenters - LAKE TAHOE AREA	2.64	21.12	**
Cement Finishers	2.42	19.36	*
Laborers - General	1.70	13.60	
Asphalt Plant Engineer	2.52	20.16	***
Power Grader, Power Planer, Motor Patrol or any type Power Blade	2.68	21.44	***
LeTourneau Pulls (Jeeps, Terra Cobras, LaPlant Choate, and similar types of equipment	2.68	21.44	***
Tractors	2.52	20.16	***

OVERTIME: Saturdays, Sundays and Holidays — double time unless otherwise shown.

* For the first two hours after the regular work day, overtime shall be paid for at the rate of time and one-half. All additional time worked up to 8:00 A.M. and on Saturday, Sunday or Holidays shall be paid for at the rate of double time.

** For the first four hours after the regular work day, overtime shall be paid for at the rate of time and one-half. All additional time worked up to 8:00 A.M. and on Saturday, Sunday or Holidays shall be paid for at the rate of double time.

*** Time and one-half for all overtime except Sundays and Holidays which is double the straight time rate.

Each bid must conform to the requirements of the Plans and Specifications and all other Documents comprising the Contract Documents. The Contract Documents may be examined and copies obtained at the office of the Architect, Gordon Stafford, 1024½ Jay Street, Sacramento, California, upon the deposit of $25.00 per set, which deposit will be refunded on return of such copies within 10 days after the bids are opened.

No bid will be considered unless it is made up on a form provided by the Architect and accompanied by certified check, cashiers check or bidder's bond for 10% of the amount of the bid, made payable to the Owner. The above mentioned checks or bid bond shall be given as a guarantee that the bidder shall execute the Contract if it be awarded to him in conformity with the Contract Documents and shall provide the surety bond or bonds required within 5 days after notification of the award of the Contract to the bidders.

The successful bidder will be required to furnish a labor and material bond in an amount equal to fifty percent (50%) of the Contract price, and a Faithful Performance Bond in an amount equal to one hundred percent (100%) of the Contract price. Said bonds shall be secured from a Surety Company satisfactory to the Owner.

The Owner reserves the right to reject any and all bids and-or waive any irregularities or informalities in the bidding.

Dated this 14th day of July, 1952.

PACK TRIP

Mr. and Mrs. Albert Stevenson and their daughter, Mrs. Ethel Severson, of Long Beach, vacationing at Sunnyside, Lake Tahoe, for July, have been entertaining guests from southern California over the past week. They include Dr. and Mrs. B. L. Dummit and son Craig of Long Beach, Mr. and Mrs. Victor Wilson and Mr. and Mrs. Herbert Reed, all of San Marino. On Tuesday Reed and Stevenson planned to pack into the lakes of Tahoe's back country for a two-day fishing expedition. They plan to return late Thursday evening.

Visits Daughter—

Mrs. Mitzi Cochran of Berkeley arrived on Saturday to visit at the home of her son-in-law and daughter, Mr. and Mrs. James Baker, at Tahoe City.

If you call by number
You'll have faster long distance service

You'll have faster long distance service if you give the operator the out-of-town telephone number you are calling, rather than just the name and address. That way, you see, you won't have to wait while she gets the number from "Information" in the distant town you're calling. You'll save time . . . and calling by number means better service for everyone, especially now when long distance lines are carrying so many important industrial and military calls.

a good way to save
on long distance calls is to tell the operator you'll speak with anyone who answers at the out-of-town number you're calling. The lower rates on "station" calls can mean important savings for you.

SWANEE'S

Tahoe Letter

Tahoe City, July 20

Dear Tahoeites:

The crowds have been lining the railing of the concrete bridge which crosses the Truckee River in Tahoe City, feeding the big trout which laze therein, and which offer plenty of amusement and amazement to our motoring public.

There were several wrecks along the highways over the weekend, I'm sourry to report, one in which the occupants of the car were shaken up and the car wrecked, the other, on Highway 89 at the Squaw Creek bridge, bringing severe injuries to the driver. What needs mentioning here is the fact that, although we have a marvelous and efficient hospital easily accessible, capable of taking care of any emergency, occasionally some one is sending injured persons to Reno for hospital care. In some cases, it is true, a doctor will send his patient there for some special reason, such as the injured party being a resident of the town or for special treatment, but for any emergency, whether large or small, I feel that after all the hard work and planning and endeavor to get our well equipped, competently staffed Tahoe Forest Hospital, the very least we all can do it to patronize it. Unless requested otherwise by the injured person, to be taken elsewhere, it is a duty and a favor to the patient and his pocketbook to take him to the local institution. Both Truckee and Tahoe have ambulances available at any hour of the day or night and service is especially prompt and efficient. Why not take advantage of the care so close at hand and help support the hospital we have waited for so long and which is truly a blessing to this area? One thing which should be done, however, is to erect some sort of a sign at the entrance to the hospital which would make it easier to find and some posters at various spots around the lake giving the phone number of and directions to find it more readily would not be amiss. There has been nothing but the highest praise for the new hospital from those who have been patients there and it is the duty of us all to see that it receives the patronage it so justly deserves.

The latest report to reach me regarding the condition of Bill Stead, who was so painfully injured when his racer, Fury, did a flip at the recent races staged by the Tahoe Yacht Club at Chambers' Lodge are encouraging. Friends who talked with his wife a few days ago report she said he is making very good progress, although still in bad shape. 'Tis said his shoulder has been wired up and his ribs were so badly smashed that he must sit up in his cast to breathe. But he is improving steadily—and that's good news.

Mr. and Mrs. Frank Henry and sons Tommy and David of Alhambra were guests at the home of the former's uncle and aunt, Mr. and Mrs. A. M. Henry of Tahoe City last week. Also a visitor was Mrs. Madelon Spencer of Oakland.

Mr. and Mrs. Kenneth Scott of San Francisco have arrived to spend a ten-day vacation at the lakeshore summer home of his parents, Mr. and Mrs. Bert Scott. Just departed are Mr. and Mrs. Charles Haine and small son, Scotty, of Oakland who enjoyed a three weeks stay. Mrs. Haine is the daughter of the Bert Scotts. Guests who will be houseguests of the Tahoe Scotts for several days this week are Mrs. Rachel Levy, Mrs. Raymond Snowden and Mrs. Edward Varney, all of San Francisco. Bert Scott returned to the lake Sunday evening after spending severla days in San Francisco at the Bohemian Club.

A lot of birthdays are being celebrated at Tahoe these days, among them, on July 19, Mrs. Marie Henry, who was so busy all day that she could only take time off in the evening to enjoy the lovely birthday cake baked by daughter-in-law Jean Henry, who served family members with cake and freshments. And on the same day my old friend, Mrs. Elizabeth Walker of Truckee River, observed another natal day.....and W. W. Mein Sr. and C. T. Bliss.....and our good constable Harry Johanson. Kay Starratt celebrated on the 20th. To one and all we say, many happy returns of the day.

A cute incident happened last week concerning a very nice Tahos lady, who shall go unnamed for obvious reasons, who decided to treat ten of her friends' little girls to an outing and dinner at the newly opened resort, Casino de Paris, formerly Tahoe Village. After getting the little ladies seated at their table, the waiter stood by for their orders. The first little girl — with serious mein — promptly ordered a filet mignon steak — and all the other nine followed suit! Their hostess, striving to appear nochalant, greatly relished her de luxe hamburger.

On Saturday last, a group of Tahoe City youngsters made one of their regular visits to Bud Jones' Stables, up Squaw Valley way, for a bit of horseback riding. In the party were Duane and Randy Pomin, Gary Henry, Joanne and Jeannie Spitsen, Justine Cushing, Bruce Scott and Edward B. Scott II (the latter two Nippie and Skippie to family and friends). Little Skip is just a bit over two years old but he isn't afraid of horses and let his mother, Mrs. Bud Scott, put him on the horse's back and rode him around like a veteran, his mom walking along beside him.

Mrs. Arthur Frodenberg of Tahoe City has been quite ill and confined to her bed for some weeks past, I learned last week. Her many friends and neighbors are wishing her speedy and complete recovery.

One or the nicest cocktail parties of the season was held last Saturday night by the Bud Scotts of Tahoe City aboard their cruiser Tahoe. Cocktails and hors d'oeuvres were enjoyed as the speedy little cruiser made the entire trip around the lake at sunset. Later the group wound up for dinner at Forest Inn. The party included Mr. and Mrs. Lewis Marsten, Mr. and Mrs. Albie Miller, Mr. and Mrs. Arved Norman and Mr. and Mrs. Joseph Higgenbotham.

Leave you for the week and hope this finds you all right in the pink. As ever, Swanee.

Driver Cited as Drunk Forfeits $250 Bail

TAHOE CITY— Justice of the Peace C. W. Vernon of Tahoe City reports that Donald M. Headley of Los Angeles on July 19 forefeited $250 bail which he posted with the court after being cited on July 7 by Patrolman T. F. Sheehan for drunk driving, excessive speed and being on the wrong side of the road. Judge Vernon also recommended that Headley's license be suspended for 30 days.

On Monday, Mrs. Vivian Raven of San Francisco paid a fine of $50 before Judge Vernon for permitting a minor child to drive the family car without a license or permit. She was cited at Tahoe City by Officer Sheehan.

Paid recently in local court were a series of $5 fines for running the stop light at the Tahoe City wye. Cited were Wallace D. Fluery, Auburn; Ruth W. Heineman, Pasadena; Phil Markell, Hermosa Beach, and Harold G. Armstrong, Grimes.

Callenders' Will Stage So. Pacific Night

HOMEWOOD— Ben Callender announces that the popular South Pacific Night program will be held at Callender's Lodge at Homewood Saturday evening, July 26. As usual patrons are invited to come in costume and prizes will be awarded for those selected but it was also pointed out that costumes are not required and everyone is welcome.

The event is one of the several annual occasions designed by the Callenders.

Traffic Tickets in State Showed Marked Boost

SACRAMENTO —(C. N. S.)— The number of California traffic arrests for the first six months of 1952 increased to 207,431, a 22 per cent gain over the same period a year ago, the state highway patrol discloses.

Forest Fire Danger Period Is Just Beginning

SAN FRANCISCO— This will be one of the four worst years in the history of California as far as forest fires are concerned.

This forecast was made at Sacramento by Fred Herbert, dispatcher for the state division of forestry, att what the U. S. forest service called the "beginning of the main fire season."

High temperatures, low humidity, the large amount of dead limbs and dried vegetation in the forests all are contributing factors —plus human carelessness, Ernest Baxter, regional dispatcher for the U. S. forest service, said.

Record forest fire years in California were 1924, 1950 and 1951.

The Big Quake

An earthquake and fire on April 18, 1906, destroyed most of San Francisco with a loss of $300,000,000.

My Place In the Sun

by DOUG BARRETT

It was "East End Day" at the county seat Monday.....was down on a bit of business with Sarge Reynolds myself.....ran into Col. Bill Rutherford from the Summit first off.....then Cecil Edmunds and Jim McIver over for the grand jury session.....and Hank Loehr, over to supervise the superviors session.....while at lunch saw "Rocky" Rockholm, Elmo Moriano and "Snuffy" Piche from Soda Springs.....and walking up the street helloed Helen and Ray McCarty also of the Summit.....Got a lot of questions on "how cum?" the Western Pacific Zephyr was halted on the SP tracks in Truckee Monday afternoon.....frankly, dunno.....The terrible tremblors of Tehachapi had reverberations among our nieghbors.....among those that I hear felt the shake were Stella Englehart, Dick Little and Rose Kielhofer.....Mr. and Mrs. Henry Williams really got rocked by it but they fudged.....they were down in Sacramento at the time.....Irene Englehart and children had just started homeward from a vacation in Pasadena, got turned back by the closed roads and had to take the longer coast route.....Mrs. John Roberson about her business in town.....with words of praise for Tahoe Forest Hospital personnel, following her recent stay there.....Talking with Gus Benjamin this week, learned that he has had jobs with at least 33 railroad firms.....including the SP where he's now working.....he says it has kept life from getting monotonous.....Happy to hear that B. J. "Bat" Riordan is improving in the Tahoe Forest Hospital following his recent illness.....Was glad to see and talk with Johnny Moro.....who was up from Sacramento with the missus to visit his son-in-law and daughter, Ange and Eva Besio.....

COLORFUL ORIOLES PREFERS HEIGHTS OF DRY SOUTHWEST

Scott's Oriole is a bird that likes the dry country of the southwest, where the days are warm and the skies are clear. In the summer, it seldom flies any farther north than western Texas, Utah, Nevada, New Mexico and southern California. Sometimes, in fact, it doesn't even leave Mexico, where it spends the winter months.

Wherever they go, these orioles attract attention with their gay colors. The male, garbed in yellow and black, is especially eye-catching. When he is perched on a prickly cactus, it is easy to see his black head, throat, wings and tail, and his yellow underparts. Streaks of white show up clearly on his wings.

©1951 National Wildlife Federation
Scott's Oriole

The female, though less brilliant, is not a dull bird herself. She, too, has a good deal of yellow underneath, while her back is brownish-yellow. On her throat is small patch of black and her wings are marked with white.

Both birds have long, slender bills which they use to explore desert flowers for nectar and insects. Besides the tiny pests which they find in blossoms, the orioles eat grasshoppers, beetles, caterpillars, butterflies and berries.

The dry country produces materials which Scott's Orioles like to use in building their nests, says the National Wildlife Federation. From yucca plants, they collect stout fibers which they weave together with strands of grass and a few horse hairs.

When they are finished, they have a deep nest hanging in the shade of the yucca leaves or in a clump of mistletoe. In the new home, the female lays three pale blue eggs which are streaked or spotted with black, gray, brown or purple.

While his mate is sitting on the nest, the male searches for food. Again and again he goes to yucca and cactus flowers, where he has good luck at catching insects.

Later in the season, when the young are out of the nest, the whole family seeks desert plants whose blossoms hold nectar. Dipping their sharp bills into the flowers, the orioles enjoy the sweetness and they also find bugs which are after the same treat.

The birds are at home in either the flatlands or the mountains of the southwest. Most of them, the National Wildlife Federation reports, seem to prefer altitudes between 5,000 and 6,000 feet above sea level. There, in the clear, dry air, they pour forth rich songs that mark them as true members of the oriole family.

California produced 1,600,000 pounds of copper in 1951, according to the U.S. bureau of mines.

GOOD OLD DAYS?— Suzanne Devincenzi, left, dancing soloist of the Sacramento Music Circus Corps de Ballet and Judy Younger, also of the ballet, show the rather pleasing difference between the old and new in bathing suits. The gingham number is featured in this week's production of Friml's The Firefly. Blossom Time, in which both of these lovely ladies also will appear, is the next show, opening July 28 for a week's run.

Tehachapi State Prison Condemned After Shock

SACRAMENTO —(C. N. S.)— Most of the Tehachapi Institution for Women has been declared unsafe and unfit for further use as a result of Monday's earthquake damage, Richard A. McGee, director of corrections, states.

The condemnation followed inspection of the building by state architectural engineers and McGee.

The administration building is a foot and a half out of plumb and all use has been prohibited. The women are still in tents. However, there are some portable steel buildings previously used as classrooms that can be used. The department has no other institution suitable for confinement of women.

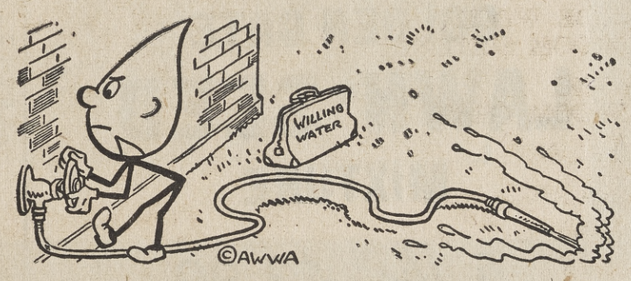
Strange as it Seems
The Cheapest Thing You Can Buy



by Volume
Is Water

The water supply systems of the United States is the biggest industry in our country — seven times bigger in tonnage volume than the combined product of all other industries—delivering an indispensible product without a substitute.

Your Utility District collects and delivers to your faucet a ton of water (240 Gallons) for less than a dime.

WARREN PRAISES TEHACHAPI MAYOR IN 'QUAKE CRISIS

SACRAMENTO —(C. N. S.)— Governor Earl Warren today praised Tehachapi's Mayor Gus Koutroulis and local civil defense authorities for "a thoroughly remarkable job" in maintaining order, cleaning up the rubble and restoring normal life to the earthquake-shattered town.

No less remarkable, Warren said, was the demonstration of cooperation by inmates of the California Institution for Women in their orderly evacuation of the prison. In recognition of this, the governor said, he will recommend to the institution's board of trustee's that each inmate be given a one month reduction of sentence.

"Every one of the women cooperated and cheerfully went about setting up temporary quarters," Governor Warren said. "I think when a whole outfit shows such a spirit of good will and helpfulness, they deserve consideration. I will recommend the month in addition to whatever other good conduct credits they may get."

Warren, who flew to Tehachapi Monday to inspect damage at first hand, said "its business district is gone."

"Maybe with the exception of the bank and one or two other buildings it will have to be demolished, and they tell me, unfortunately, there is practically no earthquake insurance."

He said some frame residential structures stood up pretty well and as far as he knows the school houses were not damaged.

In praising Koutroulis, Warren said, "Of course, they were helped by outside agencies, but the mayor was in complete charge."

County's Share of Deficit Figured at $1,980,000

The people of Nevada County will have to pay $1,980,000 in taxes in the future as their share of the $12,700,000 deficit resulting from the failure of congress to balance the federal budget for 1952-53 within the limits of anticipated federal income, California Taxpayers' Association says. This is over and above the taxes which must be paid for 1952-53.

JEEPS WILL FORM NEW TAHOE ROAD

AUBURN— Orrin Ellingson of Wentworth Springs and Auburn reports the road is clear from Chambers' Lodge, Lake Tahoe, into Miller Lake, that jeeps have already made that part of the trip and that the jeep caravan will attempt the trip from Auburn to Wentworth Springs across the 20 miles to Chambers' Lodge on Saturday and Sunday, July 26 and 27.

The group will leave from the Freeman Inn at Auburn at 1:30 p.m. Saturday and will spend that night at Wentworth Springs. Al Bequette and Ellingson are heading the committee on arrangements and those who plan the trip from Auburn must make advance reservations.

Ellingson and Bequette report 12 or more jeeps are now scheduled to make the trip and that each car will carry four passengers.

More women are going along this this time than they did last year.

Small jeeps are the only vehicles that can make the trip, Ellingson said, weapons carriers, re-con jeeps and such vehicles have too wide a frame to get through.

They plan to make this an annual trip for jeeps until it becomes another road to Lake Tahoe. The fact that less than ten miles of the road from Georgetown to Chambers', a distance of 60 miles, is all that now prevents its use by regular passenger cars, is going to bring on public demand that this route be opened.

Taxes in Nevada County Reach $1,303,000 Total

Taxes levied by the county, cities, school districts and other special districts on land, improvements and tangible personal property throughout Nevada County for the 1951-52 fiscal year reached $1,303,000, County Assessor Wm. L. Tamblyn announced.

This produced an average rate of $4.90 per $100 of assessed valuation when applied to the assessed value of $26,851,000 in the county.

The average rate on tangible property throughout the state was $5.67, ranging from $2.50 for Alpine County to $7.72 for San Mateo County.

In 38 counties the average was below the statewide average, 28 had rates under $5, five less than $4 and Alpine and Mono were under $3.

THE THRILLING SOPRANO voice of Marina Koshetz will be featured in next week's Sacramento Music Circus production of "Blosson Time," opening July 28 for one week.

RADIO ON RAILS

(Continued from Page 1)

switch engines with the yard's control tower.

Jennings is not able to estimate just how much train dispatching will be done by radio but he feels many of the present telegraph lines eventually will be replaced.

Booster at Truckee

The superintendent said booster stations are being established at Colfax, Emigrant Gap, Norden and Truckee.

The most important feature of the new system will be the fact crews on all trains will be able to reach stations by voice from any point while en route.

Jennings said another important benefit of the system will be the quicker communication between snow removal equipment and control points during the snow storms of the high Sierra.

He does not think it will eliminate completely the chance for a train being snowbound such as the City of San Francisco was last January, but believes the possibility will be reduced greatly.

Help in such instances will be dispatched much more quickly with the radio communication.

Control at Capital

New engines coming from eastern shops have the radio equipment installed. The installation work done by the Sacramento and Roseville shops will be in locomotives and cabooses now in use.

Sacramento will be the control stations in this area.

The use of the radio equipment, Jennings emphasized, will not in way mean a reduction in any employment. He said the only purpose is to expedite the movement of trains.

Speaker Calls Attention To Pahatsi's Problems

Ray Carville, speaking before the Auburn Lions Club, called attention to the need for repairs at the Camp Pahatsi Boy Scout buildings near Donner Summit to prevent total collapse of the main lodge building this coming winter. Damage was caused by the heavy snow of the past winter and money spent now will prevent heavy expenditures later, he said.

PURCHASE HOUSE

Mr. and Mrs. Mardin Robinette have bought the Barney Phipps' house and the latter family will move to Sacramento within the month to occupy a recently purchased house.

POLLUTION BOARD STUDIES PROBLEM

SACRAMENTO —(C. N. S.)— The state water pollution control board is continuing to delve for facts in limiting ground-water pollution in California, Vinton W. Bacon, executive officer of the board, reported Tuesday.

To the governor's council, Bacon reported the board will continue research at the University of Southern California on leaching salt and alkalies from incinerator ash, garbage and other types of surface dump. Research on the traveling of pollution with ground-water movement will be conducted at the University of California.

The board has authorized contracts for special investigation of pollution problems during 1952-53. About 100 such investigations in 1951-52 were largely responsible for successful water pollution abatement during the period, Bacon claimed.

The board receives analysis of water samples taken from over 100 points on more than 50 rivers and lakes throughout the state. The samples usually are studied for physical, chemical and bacteriological content, but this year they also will be analyzed for radioactivity, he added.

MICKEY SPILLGORE PRIVATE EYE MURDER MYSTERIES
OFFICE OF EDITOR
SO THIS IS WHERE THEM MICKEY SPILLGORE MYSTERIES GET WRITTEN, EH! LUCKY FOR ME THE EDITOR IS STILL HERE SO'S I CAN FIND OUT HOW MICKEY ESCAPES FROM THE COBRA-- THE BOMB AND THE MURDERER !!
I BEG YER PARDON. ARE YOU THE AUTHOR O' THE MICKEY SPILLGORE MURDER MYSTERIES?
I (GASP) WAS!
YER NOT KICKING THAT CHAIR OUT, PAL, UNTIL YOU TELLS ME HOW MICKEY SPILLGORE ESCAPES IN THIS BLARSTED CONTINUED STORY O' YERS!!
THAT'S JUST (SOB!) IT! I CAN'T FIGURE OUT HOW TO GET THAT DUMB DICK OUT OF A ROOM WITH ALL THE DOORS LOCKED -
AND WITH A BOMB ABOUT T' EXPLODE
AND A BUILDING FULL OF MURDERERS WHOSE ONLY MISSION IN (SOB!) LIFE IS TO MURDER MICKEY SPILLGORE!
HOW'D YOU LET YERSELF GET INTA THIS MESS?
I'VE TRIED EVERYTHING ELSE--- BUT STILL MY READERS (GROAN) DEMAND FRESH THRILLS EVERY INSTALLMENT---NOW (CHOKE) I'LL NEVER GET HIM OUT OF THIS PREDICAMENT!!
UMMM--I WONDER HOW A GUY WOULD GET OUTA A SWEAT LIKE MICKEY'S IN--
YOU MEAN (GASP!) YOU'RE ACTUALLY GOING TO FIND OUT?
WRONG, BUSTER!
YOU'RE GOIN' T' FIND OUT---AND IF IT TURNS OUT THERE AIN'T NO SOLUTION ---I'LL BE THE WITNESS! C'MON, PAL, WE'RE GOIN' COBRA SHOPPIN'!

THIS IS A PERFECT DAY TO GO TO THE BAND CONCERT IN THE PARK, WILLIE DEAR-

ER-- I'D BE GLAD TO GO, PHOEBE- BUT--- DO YOU THINK THE KIDS WILL ENJOY IT?

WHY SHOULDN'T THEY? IT'S HIGH TIME THEY DID SOMETHING BESIDE GO TO THE MOVIES AND WATCH TELE-VISION-

I'D RATHER GO SWIMMING THAN TO A OLD BAND CONCERT

McNaught Syndicate, Inc. 7/27

SO WOULD I, TEDDY- BUT MOM SAYS WE SHOULD LIKE IT-

SHE SAYS WE SHOULD LIKE TAKING A BATH, TOO- BUT I DON'T!

2463

CAN WE HAVE SOME POP, DADDY?

SURE- I'LL GET YOU SOME-

SHHSH!

I WISH I HAD A HOT DOG TO GO WITH THIS-

HERE'S THE MONEY - GO GET A COUPLE

SHHSH!

A ICE CREAM CONE WOULD TASTE FINE NOW, DADDY-

THAT WAS WONDERFUL! I CONSIDER IT A PRIVILEGE TO HAVE BEEN HERE-

WELL, KIDS - DID YOU ENJOY THE CONCERT?

WE SURE DID! ALL BUT THE MUSIC!

STRANGE as it seems

by HENRY FORMHALS

HI! ANYBODY HOME?

I AM! AND HAVE I GOT SOME EXCITING NEWS!

WHAT? YOU SAY FRED AMESBURY WANTS TO LET US HAVE HIS BEACH HOUSE THIS SUMMER? — FOR FREE?

I'LL READ HIS LETTER--- "Since we'll be in Europe and the house will be vacant we thought you folks would like to use it."

"It is on a point, with a large beach, wonderful view and fine swimming. The house has six rooms and all modern conveniences."

WONDERFUL! GOOD OL' FRED!

"The fishing is excellent and there are plenty of clams, crabs and lobsters.

THAT'S FOR ME! I ALWAYS WANTED T'SPEND MY VACATION AT JUST SUCH A SPOT!

AND ITS ALL FREE? DID HE SAY WE COULD MOVE IN RIGHT A----

"However, I feel I should tell you about the ghost. The place has been haunted for years. And although the ghost is noisy at night, he's entirely harmless."
